

# ASSOCIATE MEMBERSHIP INFORMATION

The Alabama Rural Water Association has always offered our Associate Members a fantastic ‘Basic’ Membership with the Association that offers a solid entry level of exposure to the ARWA’s member utilities. The ARWA has also always offered a variety of options in addition to the ‘Basic’ Membership that allow for our Associate Members to acquire additional levels of exposure and participation.

We are pleased to now offer the opportunity to Bundle participation with the Association. A feature that has been frequently requested by our most active Associate Members, no longer will you have to go through the approval process for each event you wish to sponsor or participate with. Write one check and get everything you need!
