Maintenance of Valves and Tank Maintenance Training

April 18, 2019 - Rainbow City, AL

April 23, 2019 - Troy, AL

May 2, 2019 - Northport, AL

May 9, 2019 - Orange Beach, AL

The Alabama Rural Water Association is conducting a Altitude Valve / Tank Maintenance Training Class on the dates and locations listed above. This training will cover basic issues of Application, Selection, Sizing of many types of Automatic Control Valves. Operation and Maintenance of Automatic Control Valves will be covered to include Pump Control Valves, Pressure Reducing Valves, Pressure Relief Valves, Altitude Valves. The afternoon session will include basic issues of potable water storage tanks. Inspection issues discussed will include: how to select an inspection firm, a review of the applicable industry standards, frequency of inspection, and a list of what to inspect. The inspection process should evaluate the safety, sanitary, structural and coating conditions of the storage tank. Routine, periodic and comprehensive inspections will be discussed and participants will develop in a workshop format their own routine inspection checklist to use for their tanks.

Maintaining a good quality of life for Alabama citizens is an ongoing objective. Water is a critical resource in this process and the availability of a good safe dependable source of drinking water is a necessity. This training will be FREE OF CHARGE.
